

## News release: TKIL Industries

Hyderabad/ Mumbai, March XX, 2025

### TKIL Industries' Hyderabad Manufacturing Plant Achieves Five-Star Grading in British Safety Council Occupational Health and Safety Audit

TKIL Industries Pvt. Ltd. (formerly known as thyssenkrupp Industries India Pvt. Ltd.), a leading player in industrial engineering and manufacturing is proud to announce that its heavy engineering manufacturing facility in Hyderabad has successfully achieved a prestigious Five-Star grading in the Occupational Health and Safety Audit conducted by the British Safety Council. This achievement follows the same recognition for its Pimpri Manufacturing Plant, reaffirming TKIL Industries unwavering commitment to workplace safety, risk management, and continuous operational excellence, setting benchmark in the industry.

The Hyderabad manufacturing plant, operational since 1988, specializes in fabricating equipment for core industries, including sugar plants and machinery, mining and bulk material handling systems, cement plants and machinery, boilers, and power plants. With a workforce of approximately 720 employees, including contract workers, the facility also executes turnkey EPC projects.

The company's Manufacturing Plant in Hyderabad underwent a comprehensive, quantified and robust evaluation of its occupational health and safety policies, processes and practices. The audit involved an extensive review of documentation, interviews with senior management and employees, and on-site evaluations. Performance was assessed against key best-practice indicators, including leadership and commitment, stakeholder engagement, risk management, organizational safety culture, and continual improvement. The evaluation encompassed nearly 50 components of health and safety management.

After a rigorous evaluation, TKIL Industries was awarded a five-star grading following the audit which is reflective of a best practice organisation. *Mike Robinson, CEO British Safety Council, said:* “*The award of a five-star grading following our occupational best practice Health and Safety Audit is an outstanding achievement and is reflective of a proactive organisation which is committed to continual improvement in its health and safety arrangements and managing risks to workers' health, safety and wellbeing.*”

*Expressing pride in the achievement, Mr. Abhay Ghirnikar, Director – Manufacturing, TKIL Industries Pvt. Ltd., said, “Receiving this prestigious recognition from the British Safety Council for the second time is a testament to our relentless focus on workplace safety. This achievement reflects the hard work and dedication of our employees, particularly the Hyderabad plant team. Congratulations to everyone at the Hyderabad facility for this well-deserved honour. We remain committed to further strengthening our health and safety practices, ensuring a safe and secure work environment, and setting new benchmarks in workplace safety.”*

*Commenting on the milestone, Mr. Vivek Bhatia, MD and CEO, TKIL Industries, stated, "At TKIL Industries, we continuously strive to enhance the health, safety, and well-being of our workforce. Our vision is to ensure that no one is injured or made ill due to workplace hazards. I extend my heartfelt congratulations to our leadership team and employees for their dedication to improving our occupational safety, health, and environment (OSHE) standards. As an organization, we remain committed to making safety our top priority and fostering a work environment that upholds the highest industry standards."*

The company's manufacturing facilities set benchmarks for quality, supported by a highly skilled workforce and a team of qualified, experienced engineers delivering exceptional craftsmanship in producing customized equipment. Additionally, TKIL Industries business processes are seamlessly integrated with SAP ERP, enabling enhanced flexibility, efficiency, and productivity across operations.

#### **Notes to editors**

##### **About TKIL Industries Pvt. Ltd.**

TKIL Industries Pvt. Ltd. (formerly thyssenkrupp Industries India Pvt. Ltd.) is a prominent name in the engineering sector, specialising in the design, manufacture, supply, construction, and maintenance of industrial plants and systems. Since its inception in 1947, TKIL Industries has been at the forefront of scaling up new technologies every decade and delivering cutting-edge solutions in mining, cement, energy, green hydrogen, boilers, sugar, and bio-chemical industries, contributing significantly to industrial growth in India and around the world, driven by its world-class manufacturing facilities and large workforce for engineering, project, construction & execution and life cycle service including operations and maintenance.

##### **About the Five Star Occupational Health and Safety Audit**

The Five Star Audit is a comprehensive, contemporary and quantified process which benchmarks health and safety management performance against the latest best practice techniques.

The audit process is carried out through documentation review, management and other stakeholder interviews, as well as operational sampling.

All Five Star graded organisations are invited to enter the highly coveted Sword, Globe, and Shield of Honour awards. Winners, selected through an independent review process, will be celebrated at an exclusive luncheon in London featuring a prestigious award presentation. ##### **About British Safety Council**

British Safety Council believes that no-one should be injured or made ill through their work.

Since its foundation in 1957, British Safety Council has campaigned tirelessly to protect workers from accidents, hazards and unsafe conditions, and played a decisive role in the political process that has led to the adoption of landmark safety legislation in the UK. Its members in more than 60 countries are committed to protecting and improving the wellbeing of workers, believing that a healthy and safe work environment is also good for business.

British Safety Council is a registered charity (Charity No. 1097271 and OSCR No. SC037998). As part of its charitable work, British Safety Council leads health and safety networking forums for numerous sectors, facilitates and promotes best practice in the UK and overseas. It also offers a range of services and products, including training, qualifications, publications, audits and awards. British Safety Council works closely with organisations, charities and individuals who share its

vision of ensuring that every worker goes home at the end of the day as healthy as they were when they went to work.

Please use British Safety Council in full rather than abbreviating to BSC when quoting the organisation.
